Subject: Trust

Angie, the trust has nothing to do with you or anyone else until I am deceased. I am the sole trustee and sole beneficiary to Susan's will. If she had survived me, she would have been the sole trustee and sole beneficiary to my will. You are not entitled to anything from either the trust or her will. The administration of the trust is entirely under my authority and can be changed at my discretion. So you can stop bugging the attorney and live your own life with your own assets and quit worrying about mine.
